friendly infrastructure and industrial development policy, adequate
power supply and world-class infrastructure facilities available in U.P.**

State Government making efforts to provide maximum facilities to investors

Lucknow: 2 May, 2016

Uttar Pradesh Chief Minister Mr. Akhilesh Yadav has welcomed the signing of various MoU's at the 'UP Investment Summit' in Dubai and assured of all possible help from the state government in making these projects become a reality.

Adding that Uttar Pradesh had emerged as an attractive investment destination for people world over due to its industry-friendly policies and pointed out abundant availability of land, skilled and non-skilled human resource, huge market, industry-friendly infrastructure and industrial development policy, adequate power supply and world-class infrastructure facilities as some of the USP's of the state.

And because of these, he added, major names from all over the world were coming forward to invest in the state and the flow is a continuous process. The Chief Minister assured everyone willing to invest in the state that they would get the best of facilities in the state and added that the state had potential of becoming a front-ranking state in the country due to its growing economy and available resources.

Providing this information, special secretary in Infrastructure and Industrial Development department, Ms Kanchan Verma said that during the summit, the MoU's signed included a Rs 18,000 crore with the Bin Zayed Group, Rs 1,000 crore with Alana Sons Pvt Ltd, a 100 Million Dollar MoU with the sharaf Group.

Other than this, she informed, MoUs have also been signed in the skill development sector. Ms Kanchan Verma further informed that the MoU of Rs 18,000 crore signed with the Bin Zayed group was for the Samajwadi Poorvanchal Expressway and developing a theme park, MoU with the Sharaf Group was for logistics park, cold chain and Air Freight station worth 100 million dollars and MoU's were also signed in the IT and skill development sectors which were followed by detailed discussions.
